2025 EPIC Newsletter

Sunday September 14th

The GORBA EPIC & MTB Festival

GORBA's six hour, non-competitive, team-based (or solo) riding event through some of Guelph Lake's best trails. There are also bike games, youth activities, an expo, food and more!

8:30 a.m. – 5:30 p.m. (biking 10am to 4pm) at the Guelph Lake Trails.

Event entry is \$50 and \$40 for under 17.

We are limited to 150 entries. This will sell out. Don't delay, register today!

Not sure what the GORBA EPIC & MTB Festival is?

Click below to see a one minute video from previous events.
More details can be found on the [website](#).

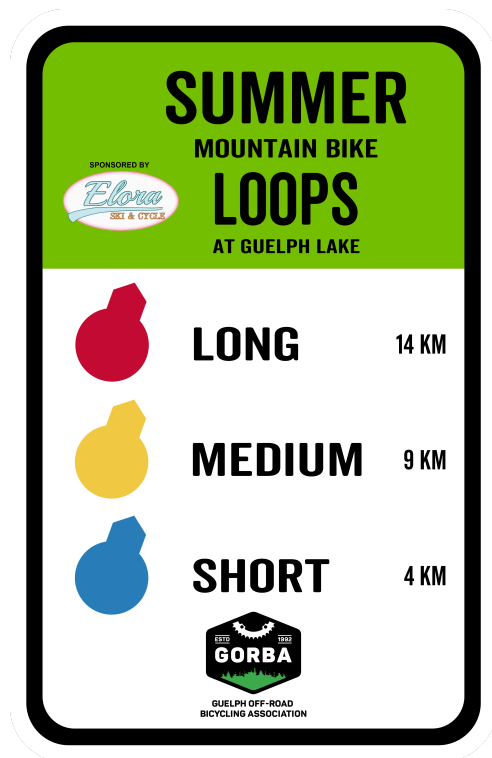

This is a great event celebrating mountain biking at Guelph Lake... wonderful for the whole family!

Do you have high school aged students looking to fulfill their volunteer hours?

The GORBA EPIC & MTB Festival is a great opportunity for young people to give back to their community and get their volunteers hours. Click the button below to send us an email an we'll get them set up with all the details.

Summer Loops

Have you been riding the [Elora Ski & Cycle](#) Summer Loops at Guelph Lake?

It's a great way to get a tour of the trail system!

Red is the longest loop at 14 km, yellow is the medium loop at 9 km and blue is the short loop at 4 km.

None of the loops are too difficult. If you are looking for more challenging trail, check out Homestead, Lower Jurassic trails or head over to our Trail Network at Arkell Spring Grounds!

Group Rides

There is lots of MTB riding left in the 2025 season! Have you participated in one of our group rides yet? GORBA is one of the few MTB clubs that has group rides. Click the button below to learn more!

Group Rides

Group Chat

Connect with your fellow club members on GORBA's DISCORD server. Get news, buy & sell, group ride info and more MTB conversation. Here is your invite [link](#). This link disappears after a week, but there is a permanent link in your membership confirmation email. Click the button below to get started and for more info.

DISCORD

These trails don't build or maintain themselves.

Supporting the trails is the cheapest & most important part of MTB.
